

TWO HOLD UP MAN IN FRONT OF S. P. DEPOT; BURGLARS KEEP BUSY

Boldly disregarding the possibility of being observed by workmen and passing belated pedestrians, two footpads, one armed with a knife, late last night held up, robbed and stripped Joe Compos of 124½ North Main street at the entrance to the Southern Pacific depot.

Campos told the police, after he had been discovered by a station officer shivering behind a pillar, too modest to make his way among the hurrying train catchers to a telephone to report the robbery, that he went to the station to check his baggage. As he was about to enter the building the stick-ups walked out from behind a corner and gruffly ordered him to step out of the light.

Last night was a red-letter night for pass-keeps and rear-window burglars who managed to reap a harvest and provided several fast rides for the police officers. Up to 3 o'clock this morning eighteen burglaries had been reported, the total loot amounting to over £100.

The list of victims who reported their losses to the police last night and early this morning is as follows:

World Powers Agree in Principle to Give Up Courts in Orient.

Far East Storm Clouds Fading at Conference.

Substantial Progress Made Toward Lightening Burden of China; to Abolish Extra Territoriality.

WASHINGTON, Nov. 25.—Far Eastern storm clouds drifted away today below the horizon. Substantial progress was made toward lightening the burden of extra territoriality and foreign postoffices in China. Abolition of extra territorial rights by which various powers maintain their own courts for trial of their own nationals was agreed in principle by the powers represented in the conference.

Full sympathy with China was expressed by delegates in committee and assurances given that an agreement would be reached on these matters as well as on the far East.

China's main troubles, such as the pressure of foreign powers upon her territories have not been discussed, but it was stated authoritatively that the American delegation that the Root resolutions did not close the door to the discussions and certain they will be thrashed in conference, possibly in the open.

MAT SETTLE OUTSIDE.

The Chinese minister today for the first time that they were considering settlement of the Shanghai issue outside the conference. While this might be advisable from the standpoint of avoiding a row in the conference it is an extremely difficult thing for the Chinese to do. The delegates would not dare go home if they gave an inch in this or any other of the Chinese demands. Their own position as delegates from a weak government, possibly falling government, makes it impossible for them to compromise.

At today's session of the committee, Secretary Hughes took occasion to deny in picturesque terms a story which appeared in a Washington paper this morning to the effect that there had been a clash in committee between Hughes and Balfour as representing old-fashioned secret diplomacy. He said that Secretary Hughes had wanted notes made of committee conversations and Balfour had objected.

UNTRUE AND GROTESQUE.

The report of antagonism with Mr. Balfour was not only untrue but grotesque and did him the greatest injustice, said Hughes. Dr. Chung-Hui Wang of the Supreme Court of China stated China's position on the question of extraterritoriality. This system is a national humiliation to China, Dr. Wang said. There is multiplicity of courts, the law is uncertain, it is hard to get wit in cases and under it foreigners often claim immunity from local taxes. Under the system is abolished, he said, it is incumbent on China to open her entire territory to foreign trade. He asked that the powers agree to relinquish these rights at a definite period and in the meantime adopt a plan of progressive modification. A subcommittee was appointed.

Chinese Minister spoke of the foreign postoffices as violation of China's rights. He mentioned also foreign troops and police boxes, such as Japan has set up. **HAS OWN POSTOFFICE.**

China has her own national postoffice system which is adequate for all requirements, he said. Foreign postoffices deprive China of revenue. The Chinese system is the cheapest service in the world, he showed by figures. There is mail service and more than 1000 linguists. The money order department is functioning and there is a post box in every village. The American postal administration has commended the Chinese system.

Despite these facts Japan maintains 124 postoffices in China, Great Britain twelve, France thirteen and the United States one. Dr. Wang said that morphia of British and Japanese forces in their way through the foreign post offices in great quantity. This subject won the subcommittee. The committee will meet again tomorrow morning. The Chinese during the day issued an appeal for tariff autonomy by Dr. P. C. T'iao, secretary-general of the delegation, which shows that through treaty restriction China has for years been inflicted with a tariff of the foreigner, by the

ARMY PARLEY IN NUTSHELL.

"Times" is Issuing Special Edition Weekly on Historical Conference.

Every Friday during the Disarmament Conference now in progress in Washington the Times will reprint from its daily issues a special illustrated four-page edition giving all the important developments of the history-making parley of nations for the week preceding. The first was issued Friday, November 18.

The Times has arranged for exhaustive reports on the proceedings of the conference to be written by a special staff of international reporters. These reports, which are those appearing daily in the Times, will be conveniently arranged and edited and will all appear in this weekly summary of the conference without the interpolation of other extraneous news matter. For the many persons who desire to preserve a complete record of the world peace parley of the world powers, incomparably the most important one in history, these special editions will be of immense value.

The four-page sheets will not be included in the regular editions of the Times, but are on sale at the Los Angeles main and branch offices of the Times at the nominal price of 5 cents, or will be mailed to any address on receipt of that sum in stamps. They will be furnished free to any school-teacher on application.

HARDING HAS PEACE PLANS.

(Continued from First Page.)

The League of Nations and that an association of nations of the character proposed by Mr. Harding is the only international organization for dealing with world affairs in which the American government would be free of obligations and free to act as it sees fit. The League would be a future conference of an association of nations to deal with the building of peace and other financial problems which the United States excluded from the present conference.

If the present conference succeeds in bringing about a reduction of naval armaments it will have demonstrated that the President had invoked a more practicable process for dealing with the question of international disarmament. For among the signal failures of the League has been its effort to put behind the building of navies and maintenance of armies. Its committee on disarmaments, reported to the last session of the League that it had made no progress in this direction because the nations are in no mood to give up their armaments. The League likewise has proved a complete failure so far as its elaborate machinery for preventing or stopping wars is concerned.

PRESIDENT CONFIDENT.

The President is supremely confident of the success of the Conference on Limitation of Arms and Disarmament. He believes that the inauguration of an annual gathering of the nations around the conference table to discuss the peace of the world and the improvement of world conditions. That would be the association of nations he advocates and if the present conference should prove a better and more efficient way of dealing with world conditions than the way of the League of Nations he will be disappointed if it should not be perpetuated.

QUESTION OF TREATIES.

As to whether any of the agreements reached by the present conference will be made a part of treaties, the President himself, it is said, is unable to tell at this time. He said that just as well as the conference will be a treaty, it is a treaty. He said that the conference will be a treaty, it is a treaty. He said that the conference will be a treaty, it is a treaty.

AGREE ON CHINA "IN PRINCIPLE."

Powers Will Give Up Extra-Territorial Rights.

Means Native Rule of Courts and Postoffices.

International Committee to Study Conditions.

(BY A. P. MONTGOMERY WIRE.)

WASHINGTON, Nov. 25.—Gradual abolition of extraterritorial rights in China was agreed to "in principle" today by the Arms Conference and an exhaustive examination of the Chinese judicial system was decided on to determine how rapidly the change can be accomplished.

Sitting as a committee of the whole, the delegates virtually decided in executive session to put the investigation into the hands of an international commission of jurists, who would visit China next year and report direct to the government. The commission would be composed of one member from each of the five permanent members of the League of Nations and one from each of the five other powers represented at the conference. The commission would be authorized to make a complete record of the world peace parley of the world powers, incomparably the most important one in history, these special editions will be of immense value.

The step to be consummated tomorrow by the adoption of a formal declaration of policy and an authorization for the investigating committee was regarded as virtually completing the work of the conference relating to extraterritoriality. The frame of the resolution was left to a subcommittee headed by Senator Lodge of the American delegation, with instructions to report tomorrow.

The committee also considered the question of postal autonomy for China, but no decision was reached. The argument of China was presented by Dr. Sun, Chinese Minister here, who declared the existence of foreign postal systems in China was wholly without sanction in international law. His argument was met by expressions of general approval from the other delegations.

FRIENDLY FEELING.

Despite the cross currents of opinion among the delegates, the meeting was declared to have been characterized by the greatest show of friendly feeling and understanding. The friendly feeling was expressed over the negotiations. For the American delegation was not in the least hostile to the Japanese. The friendly feeling was expressed over the negotiations. CHINESE ATTITUDE.

While Chinese members of the conference declared their opinion that they could do nothing but withdraw from the conference, the Chinese had no clash with the British. The Chinese had no clash with the British. The Chinese had no clash with the British.

NO FIXED AGREEMENT ON LANDS ARMAMENTS.

CONFERENCE EXPECTED, HOWEVER, TO MAKE GENERAL EXPRESSION.

(BY A. P. MONTGOMERY WIRE.)

WASHINGTON, Nov. 25.—Although the Arms Conference is taking no steps toward limitation of arms, it was said authoritatively tonight that the question of land armaments was in reserve and might come up for at least a general expression of policy when the naval and far Eastern problems are out of the way.

Any attempt to secure a hard and fast agreement on land armaments, it was pointed out, would involve many handicaps which do not apply to the limitation of naval armaments. The Japanese, it was said, have declared their unwillingness to weaken materially their position under present conditions. The Japanese, it was said, have declared their unwillingness to weaken materially their position under present conditions.

CHINESE POSTOFFICE.

In the consideration of the Chinese postal administration the Chinese representatives were said to have argued the postal service was one of the most efficient of native functions. The question of foreign postoffices was said to be of principal interest to Japan, which was reported to have more than 100 postal stations throughout China. The only American postal station is at Shanghai.

"The American proposal of an 'armistice at sea' or naval disarmament is not only of very important, but also of concrete and gives such a specific basis to the negotiations that presumably it will remain the central point of future discussion even if nothing comes of the Washington conference. Quite correctly the world's political and maritime questions up for discussion are compressed into one sentence. The Gordian knot, the core of the whole question is naval disarmament and can only be solved by agreement among the nations.

AMERICA WILL STAND PAT.
Officials Find No Reason to Change Ratio on Navies
Despite Jap Estimates.

[BY A. P. NIGHT WIRE.]
WASHINGTON, Nov. 25.—Despite supplemental estimates to support Japanese claims for a higher naval tonnage ratio than proposed in Secretary Hughes's naval limitation plan, American naval experts, it was asserted today on authority, find no reason to revise their original estimate of the relative naval strength of the three powers. That estimate, so far as Japan is concerned, is reflected in the 5-5-3 ratio proposed by the United States, while Japan is understood to claim that the ratio should approximate 10-10-7.

Details of the Japanese naval argument have been turned over to the naval experts of the five powers considering such questions for the information of the delegation. The naval men will not get together again in general conference, however, until next week.

The Tokyo dispatch follows closely the line of argument already presented by the Japanese officers here in challenging the accuracy of the American estimate of existing Japanese naval strength. In stating his proposal, Secretary Hughes named as one of the general principles upon which it was worked out the necessity of general adherence to relative strength of existing naval forces in providing for immediate reduction proposed. It is on this point the experts are comparing data and seeking an agreement. Most of their work is done through exchange of Japanese publications and expositions of the situation.

The immediate desire of the Japanese delegation is understood to be to provide for retention by Japan of the new battleship Mutsu and one other capital ship yet to be completed. American naval opinion has been strongly against any agreement which would permit this without retention by the United States of proportion equivalent in new ships slated to be scrapped under the Hughes plan.

No definite indication of the British attitude has been given but it has been said if the other powers were permitted to enlarge their retained fleets, the British must, of necessity, build new craft to maintain their present preponderance. The British delegation is understood not to favor such a course. The arguments of the Japanese experts to Japan's right to more capital ship tonnage in proportion to the other powers than Secretary Hughes's plan provides for were based, it is known, on a series of recalculation of existing building and projected Japanese tonnage. Viewed from any of these angles, the Japanese experts argued, the Japanese navy came closer to standing at 70 per cent of the American strength than the 60 per cent provided for by the Hughes plan.

CRISIS CONTINUES.
According to Dr. Itoke, chief physician to Emperor Yoshihito, his condition has changed little since last October. Restraint of speech and nervousness are declared to be his chief ailments.

The Emperor continues the recent crisis which have marked his condition. Dr. Itoke reports that he does not show signs of serious decline. While there is no prospect of prompt recovery there is no reason to look for an aggravation of his condition soon.

The Emperor and Empress, it is stated, will spend the winter at the Imperial household, including the formal coronation of Prince Yoshihito, born in 1905, and Prince Takahito, born in December, 1915.

DELEGATES NOTIFIED.
WASHINGTON, Nov. 25.—Official notification of the appointment of the Crown Prince of Japan to the regency was received today by the Japanese delegation to the Washington conference from the Minister for Foreign Affairs at Tokyo.

The message said: "In consideration of His Majesty, the Emperor's inability to conduct in person the affairs of state, owing to his long continued illness, the Imperial Highness, the Crown Prince, Prince Yoshihito, born in 1905, and Prince Takahito, born in December, 1915, were constituted Regent in accordance with the provisions of the Imperial constitution under the Imperial House law."

REGENT IS DEMOCRATIC.
The announcement was expected in Japanese circles here as the recent tour of the Crown Prince in Europe generally was understood to have been the first step in the court arrangement to give Hirohito the conduct of the empire because of the continued illness of the Emperor.

Representative Japanese today emphasized how much this visit to Japan had meant for the people, in which he frankly admitted that Japan had much to learn from western countries and that all the subjects of the empire must strive their utmost to bring Japan to the high development necessary for her national progress.

The Regent, who is only 30 years old, has already accomplished a great deal in establishing a more liberal understanding between the imperial court and the people of the empire. He has already accepted the ancient idea of imperial aloofness and in strict contrast to the earlier days when Japanese were not supposed to gaze upon their Emperor, Hirohito has recently appeared at public meetings in quite an informal manner and has made a number of speeches.

WON'T AFFECT POLICIES.
In making the announcement Prince Tokugawa, who is president of the House of Peers, well as a delegate to the conference, said the change in the imperial court would not, in his opinion, affect in any way Japan's policy at the conference, nor would it have any effect upon the general policy of Japan as a state.

He explained the regency had been established because of the illness of the Emperor, and that it had actually been carried out with the full assent of the Emperor upon the advice of the privy council and the cabinet. Prince Tokugawa, he added, had never seen a regency, but in olden times, long before the promulgation of the constitution, the system of regency had occasionally been resorted to.

ULTIMATUM HANDED TO LABORERS.
Sheet Metal Workers' Union Must Accept or Reject Landis Award.

[EXCLUSIVE DISPATCH.]
CHICAGO, Nov. 25.—A second ultimatum was delivered today by the citizens' committee to enforce and uphold the Landis award. Pursuing the line of action forecast three weeks ago by the importation of out-of-town carpenters regarding union affiliations, the executive committee of the citizens' committee made public a decision by which all sheet-metal workers awarded and working conditions laid down by the arbitrator, the executive committee will ask that work on all jobs that have been held up be resumed immediately.

If the Landis award is repudiated steps will be taken by the committee through its employment bureau, to bring in outside sheet metal workers immediately "in sufficient numbers to finish the work already started."

Through the committee's employment agency more than 1300 carpenters have been brought to Chicago and more than 800 additional carpenters, the committee anticipates, will be placed on jobs within the next two weeks.

SELL FOOD DRAFTS TO HUNGRY EUROPE.

AMERICAN RELIEF BODY
FINDS FAST WORK IS
SUCCESSFUL.

(BY CABLE-EXCLUSIVE DISPATCH.)
RIGA, Nov. 25.—Following an all-day conference with Col. Haskell and other officials of the American Relief Administration, Walter Lyman Brown, the European director of the organization, announced that food drafts had proved so successful and necessary that the administration would sell drafts throughout Europe. Mr. Brown expects the largest sale of drafts in Paris, London, Prague and Riga to refugees desiring to send food to their families in Russia.

Complimenting Col. Haskell on his wonderful work, Mr. Brown said that he was trying to arrange a short visit to Moscow to inspect personally the organization which succeeded in feeding approximately 500,000 children in two months. Mr. Brown also declared that the American Relief Administration has almost doubled its original program of feeding 1,200,000 children for six months by its new program of feeding 1,200,000 until the next harvest. Col. Haskell, in discussing the organization's work, said there is enough food in the "Volga to feed 1,200,000 persons. He stated that the soviet is doing all possible to help, but its inefficiency is hampering the speed of the feeding program.

"We have food on the spot, he said. But the government is slow in building kitchens and providing stoves, utensils and food. The present situation calls for the utmost speed possible."

PROFESSOR AND WINE HELD AT STATION.

ARRESTED WHILE DIRECTING
THE UNLOADING OF LIQ-
UOR FROM TRUCKS.

(CABLE-EXCLUSIVE DISPATCH.)
PHILADELPHIA, Nov. 25.—Dr. Augustus Koenig, instructor at the University of Pennsylvania and former president of the Rotary Club of Philadelphia, was arrested yesterday while directing the unloading of cases of wine from two motor trucks at the rear of his home.

Four truckmen also were arrested. They showed a permit to withdraw 2000 gallons of wine for sacramental purposes from a New York warehouse. The permits were made out to Rabbi Ben Zion Hoffman.

Rabbi Hoffman emphatically denied that he had arranged for storage of the wine in Dr. Koenig's house. He said he did not even know Dr. Koenig and believed the permit was forged and manipulated.

REVOLT BREWS IN PORTUGAL.

(BY CABLE AND ASSOCIATED PRESS.)

(BY A. P. DAY WIRE.)
MASON CITY (Iowa) Nov. 25.—Hanford MacNider, the recently elected national commander of the American Legion, is known by his comrades as a smiling, dynamic, human, possessing enormous energy—a man that works hard and plays hard.

Mason City residents know him as "the only child" of Mr. and Mrs. Charles H. MacNider. Mr. MacNider was born in Mason City 32 years ago. He began his education in the Mason City public schools, continued his studies at Milton Military Academy at Milton, Mass., and finished at Harvard in 1911. Then for five years he worked as a teller in his father's bank here.

MacNider went to the Mexican war in 1916 as a first lieutenant in the 104th Infantry. When the war came, he resigned his commission with the National Guard in order to attend the first officers' training at Fort Snelling in May, 1917. He was given a provisional second lieutenant's commission and assigned to the Ninth Infantry which, with the Twenty-third, made up the Regular Army brigade of the Second Division.

WON FAST PROMOTION.
Soon after arriving in France in September, 1917, Mr. MacNider was promoted to captain and assigned to Langres as an instructor. His old division was on the battle front, and MacNider was transferred back to the Indian Head Division.

His record from then on can be related along with the campaigns of the American Expeditionary Force. He was promoted to major and then to lieutenant colonel and regimental commander. MacNider was wounded at St. Mihiel and was honored with the Distinguished Service Cross and the Croix de Guerre with five citations for bravery, five palms and a gold star. He was also awarded the Legion of Honor, the Croix de Guerre with five citations, and the Italian war cross. He was given three citations in general orders.

After the armistice, Lieut. Col. MacNider passed into the muster of division adjutant and was promoted to major in September, 1919.

From September, 1920, to September, 1921, MacNider was State commander of the American Legion in Iowa.

While holding the State office, he advocated and saw enacted into law a legislative program, including a soldiers' bonus bill, a bill giving ex-soldiers preference in public offices and a bill exempting veterans of the World War from taxes on personal property up to \$500. He looked after the hospitalization of 145 soldiers and conducted a Statewide veterans and compensation drive.

MacNider stands five feet eleven inches tall, weighs 145 pounds and is fond of all out-door athletics. Mason City residents say his only hobby is the game of golf. One-half hour after he was elected national commander at Kansas City, he was telling her all about it over the long-distance telephone.

LOSE COAL MARKET AT PRESENT PRICES.

(CABLE-EXCLUSIVE DISPATCH.)
NEW YORK, Nov. 25.—America must cut down the cost of coal production or lose the market to European producers. This was the statement yesterday of E. J. Berwind, a leading coal baron. In the first interview he has given since the first Star liner Adriatic.

Twenty-five years. Berwind arrived from a trip to Europe on the Adriatic. He said "that in order for us to compete with the foreign coal markets we must take the example of the other countries producing coal and reduce the price of production. Coal in Europe is lower in price than it is here, and is going down all the time. In order to compete with them in manufacture we must lower our coal prices. In England, for example, coal is down to half the war advance. We must get in line and lower, too."

TRYING TO CREATE FRICTION AT MEET.

(CABLE-EXCLUSIVE DISPATCH.)
WASHINGTON, Nov. 25.—Secret propaganda, the purpose of which is to create friction between the United States and Great Britain on the one hand, and Japan on the other, is at work in Washington. Several departments of the government are trying to trace the origin of this effort to frustrate the purposes President Harding had in view when he invited to Washington the representatives of the nations participating in the conference on armaments.

Those who are directing the propaganda are believed to be persons prominently identified with the conference, including the delegates of such nation, a carefully-prepared document, captioned "Japan is being outwitted at the Washington conference." The document in question is the work. It is stated, of "a neutral statesman."

MIDDLE WEST NEWS IN BRIEF.

(EXCLUSIVE DISPATCH.)
DENVER, Nov. 25.—The hitting of a passenger locomotive buried twenty-two feet under the sand and water of the South Platte River, nine miles beyond Brush, will be attempted by the Burlington Railroad. This is the engine that went through the bridge June 1 during the floods throughout Colorado.

Hog raisers of Eastern El Paso county met at Colorado Springs yesterday to discuss with Dr. W. R. Stout, field agent of the Federal Bureau of Animal Industry, steps to prevent the spread of hog cholera in that section. More than thirty men, chiefly Mexicans, were arrested last night in a general catch-all of vagrants spread over the city by the police following the death of a hold-up victim, serious injury of another and a general increase of banditry.

INDIANAPOLIS.

INDIANAPOLIS, Nov. 25.—Plans of the Indiana Electric Power Company, a \$5,000,000 corporation, for the establishment of five electric power plants along the Tippecanoe River in Northern Indiana, which will develop an enormous amount of electric energy by utilizing the water power, were made public.

Enforcement of the city's new ordinance started today. Drivers violating the ordinance prohibiting their running on streets with car lines will be arrested. It is feared because of the large amount of drinking among young men and boys of conceptions containing alcohol, a number of fatalities held a conference at Mayor and announced a mass meeting probably will be held in a short time to consider the question.

OMAHA.

OMAHA, Nov. 25.—According to plans being formulated by persons interested in the development of Western Nebraska land, more than 2,000,000 acres would be under irrigation by water from the Platte River.

Plans are practically perfected for the organization of a new national bank in Fremont by a merger of the defunct First National Bank, the Commercial National Bank and Farmers' and Merchants' National Bank.

David Gress stepped from the train yesterday to be informed his wife had died during his trip abroad.

MILWAUKEE.

MILWAUKEE, Nov. 25.—During the last three years the State Tax Commission, through field and office audits, have uncovered over \$14,000,000 of unreported income which has netted the State an additional \$1,500,000 in tax, the commission reports.

The Keesley-Neckerman Company, Madison's largest store, was sold yesterday to Harry S. Manwith. Literature attacking the proposed transaction is being distributed.

Carl Foreman and his brother Jim, who lived on a farm near Kempster, are dead as the result of murder and suicide. The bodies were found by their mother in the barn.

IRRIGATION PROJECT BEING REORGANIZED.

CREDITORS OF POST CONCERN

NAMED PRESIDENT.

(CABLE-EXCLUSIVE DISPATCH.)
TUCSON (Ariz.) Nov. 25.—The creditors of the Post Irrigation project have agreed to reorganize the project, the Pima Farms Company, for carrying through the work of rehabilitation.

The new holding company has organized by the election of William Angus of the Western Mail Company, Tucson, as secretary. Charles Solomon, of Tucson as vice-president, Albert Steinfield of Tucson as treasurer and R. M. Keadie of Los Angeles as president.

Mr. Angus stated that the company would extend all possible aid to the farmers involved and will deliver water at the lowest possible price.

PHOENIX (Ariz.) Nov. 25.—A

State industrial conference is to be held in Phoenix December 15 and 16, with a special section to consider problems in agriculture, reclamation, mining, power, transportation and livestock. Gov. Campbell will preside. The Colorado River project.

Former Vice-President Thomas R. Marshall has returned from a lecture tour and is to spend the winter at his Arizona home in Scottsdale, twelve miles northeast of Phoenix.

ARTIFICIAL PEARLS JUST LIKE NATURAL.

PROCESS OF FORMATION SAME
IN BOTH CASES; CAN DIS-
COVER NO DIFFERENCES.

(BY CABLE AND ASSOCIATED PRESS.)
PARIS, Nov. 25.—Pearls are pearls, whether produced by the Japanese method of artificially stimulating their production in oysters, or formed in the usual manner, so far as French science can determine. M. Boutan in a report to the Academy of Science shows that the processes of formation is the same in both cases and the only difference is in the largest core of the "Japanese" pearl.

In the "Japanese" method some small object is placed in the oyster which promptly protects itself by depositing about the intruder the pearl substance, exactly as it does when such an object gets into the shell accidentally. There was no explanation as to why "real" pearls are made only with small cores. The reason for the larger cores in the cultivated stone is the need to hasten the process so it would be profitable.

UNEMPLOYMENT IN BRITAIN.

(CABLE-EXCLUSIVE DISPATCH.)
LONDON, Nov. 25.—The unofficial unemployment figures made public tonight show that there are 1,817,500 out of work in the United Kingdom, an increase of 22,000 over last week's figures.

**WILSON IS NOT
VERY SOCIABLE.**

Has Met Only One Delegate
to Arms Conference.

Balfour Alone Able to Reach
Former President.

Not at Home to Foch; Reason
Still a Mystery.

WASHINGTON, Nov. 25.—The only foreigner President Wilson has received since the opening of the Washington conference is Senator James Balfour, ranking member of the British delegation to the arms conference.

Messrs. Balfour and Wilson have enjoyed a personal friendship dating from early in 1917, when Mr. Balfour came to Washington at the head of the British war mission on the outbreak of war between the United States and the Central Powers. Later they met in close association at Paris during the Peace Conference, where Mr. Balfour was a member of the British peace delegation. The visit of Mr. Balfour to the White House took place about four days ago and followed the delivery of Mr. Balfour's principal speech in the plenary session of the arms conference in which he declared Great Britain's acceptance in principle of the Hughes proposal for limitation of naval armaments.

Mr. Balfour and the former President engaged in a conversation of some length, the character of which naturally is not disclosed. None of the other distinguished foreigners visiting Washington in connection with the arms conference has been received by Mr. Wilson. Premier Briand, who has gone to New York to sail immediately for France, was not received at the Wilson residence, nor was Marshal Foch.

FOCH NOT RECEIVED.

Mr. Wilson met Marshal Foch of France while in Paris, and it was mainly due to the insistence of Mr. Wilson that the Allies previously engaged in the World War instituted that unity of command which resulted in the choice of Marshal Foch to act as generalissimo of all the Allied forces in the field against the Central Powers. Immediately after his first visit recently to Washington Marshal Foch visited the Wilson residence and left his card. He was not received at that time by Mr. Wilson, who was confined to his bed with an attack of indigestion and under orders from his physician not to receive any person during that particular day.

It was learned definitely tonight that Marshal Foch has not since returned to the Wilson residence.

WASHINGTON NEWS IN BRIEF.

(EXCLUSIVE DISPATCH.)
WASHINGTON, Nov. 25.—An association of nations destined to supplant the existing League of Nations as a stabilizer of world peace is likely to be formed in Washington before the adjournment of the International Conference on the Limitation of Armaments.

The Chinese situation brightened visibly today. The Chinese delegates admitted that they are considering settlement of the Shanghai issue outside the conference.

The question of land armament will not be ignored by the Washington conference, although the leaders do not believe it practicable at this time to draft any definite plans as to limitations.

The military and economic strength of Japan is exaggerated and the growth of liberal thought among the people underestimated, according to Mr. Tagawa, a member of the Japanese Parliament and editor of the Economist.

President Harding in his opening message next month will advise Congress that the passing of the Jones act directing abrogation of commercial treaties in order to permit the imposition by the United States of discriminatory customs duties and tonnage dues on foreign vessels cannot be carried into effect, explain why the action should not be enforced and probably suggest a substitute therefor.

Gov. E. Mont Rely lunched at the White House today and made an informal report of the questions at issue in Porto Rico. Reports tonight are that the international joint committee has decided to recommend to Congress the construction by the United States and Canada of the St. Lawrence canal.

Newell is said by the police to be wanted by the Sheriff at Oakland, Cal., to be an Oakland deputy sheriff, who said he came to Nogales to arrest Newell, also in the City Jail. Chief of Police Jay Lowe having been informed, he said, by the Oakland Sheriff that the man was an impostor.

SECTION OF JONES BILL WILL
NOT BE ENFORCED, SEN-
ATE TO BE TOLD.

(EXCLUSIVE DISPATCH.)
WASHINGTON, Nov. 25.—Congress will be informed by President Harding in his address at the opening of the regular session in December that the provisions of Section 14 of the Jones Merchant Marine Act directing abrogation of commercial treaties in order to permit the imposition by the United States of discriminatory customs duties and tonnage dues on foreign vessels cannot be carried into effect.

The President, it was said today at the White House, will inform Congress why the administration thinks it best not to enforce the section and in all probability will suggest a substitute. It was also regarded as practically certain that the merchant marine problem will be touched on in the message.

Section 14 was regarded by the framers of the Jones Act as one of the foundation stones of that act. It was a part of the rebuilding of an American merchant marine. Its enforcement has been urged repeatedly by Senator Jones of Washington, chairman of the Senate Commerce Committee, and by Senator Ransdell of California, chairman of the National Merchant Marine Association.

Former President Wilson declined to enforce Section 14 because he held it to constitute an invasion by Congress of his treaty-making powers, under the Constitution of the United States. Protests against application of the section were voiced in a number of foreign maritime nations.

AMERICAN CONSULATE;
WRECKS BUILDINGS.

(BY CABLE AND ASSOCIATED PRESS.)
KOVNO (LATVIA), Nov. 25.—Minister of Finance Galvanas was seriously injured early today by the explosion of a bomb thrown through a window of his residence. The explosion occurred at 3 o'clock and the Minister's house and other buildings adjoining it were seriously damaged. The concussion shook the American Consulate.

The attempted assassination of the Minister is believed to have been the outgrowth of the high feeling in Lithuania over the government's proposed acceptance of the latest plan of the League of Nations for settling the dispute over Vilna.

Army circles and a large mass of the population against acceptance of the plan to create an autonomous Vilna, which they consider would be a surrender to Poland. The feeling of the people was heightened a week ago by a new Polish invasion of nine villages in Suwalka Province, which is in the League of Nations neutral zone.

Lithuanian inhabitants of the places invaded have reported outrages by Polish soldiers and have asked the protection of the League commission.

(BY A. P. MORT WIRE.)
SAN FRANCISCO, Nov. 25.—Joseph Wing and Joseph Barraschino, former engine room employees of the liner Greco State, awaiting trial on a charge of committing sabotage by putting water and emery dust in the ship's oil cups, on a trip to Manila last summer, came into Federal Court voluntarily today and pleaded guilty.

Wing said he committed the offense under orders from William Dunlevy, assistant engineer, who also is awaiting trial on the same charge, but Judge Dooling refused to accept Barraschino's plea, because his questioning of the man in Spanish developed a denial instead of a confession. The court continued his case until tomorrow, pending investigation.

The three were arrested at Honolulu. Dunlevy is on bail, but others have been in jail for several months.

**RICE CROP FAILURE
SERIOUS FOR JAPAN.**

(BY A. P. MORT WIRE.)
WASHINGTON, Nov. 25.—Failure of the rice crop has a serious effect upon the financial situation in Japan while the financial situation in China has been growing worse, according to monthly cables from its representatives abroad issued tonight by the Commerce Department.

The rice was damaged by rains and typhoons considerably more than was expected, the Tokyo cable declared, and the estimated yield will be greatly under the approximate annual consumption.

Line of Attack Against In-
dictments Seeks to Refute
Criminality.

(BY A. P. MORT WIRE.)
SPRINGFIELD (ILL.) Nov. 25.—Gov. Small's line of attack against indictments charging him with embezzlement of public funds and conspiracy to defraud the State, was laid before State's Attorney C. F. Mortimer, of Sangamon county, tonight.

The specifications, delivered to Mr. Mortimer by counsel for the Governor, pointed out the nature of arguments to be made at Waukegan, December 5, in support of motions to quash the indictments.

The attack on the indictments by the defense charged:

(1.) That the indictments, on their face, charge the Governor with no crime or offense against the State.

(2.) That they do not allege that the Governor ever received any money belonging to the State.

(3.) That the grand jury, in returning the indictments, filed an explanation and review of evidence, which the defense claims was absolutely in violation of the constitution and statutes, intended only to create prejudice and unwarranted prejudice against the Governor, and renders the indictments illegal and void.

WORKING ON PROBATION.

(BY A. P. MORT WIRE.)
HOUSTON (TEX.) Nov. 25.—Fifty trainmen on the International and Great Northern Railway at Houston, and 600 on the line who walked out October 23, were put back to work this morning under orders of the Federal court. The men go on a thirty-day probation.

LONGER BREAKWATER.

Following a two-day inspection tour of Los Angeles Harbor, Rear-Admiral Weller, commanding the Eleventh Naval District, yesterday declared that he has found considerably increased activity in the shipping of the harbor during the few months since he last was here.

"It is a growth which should be most gratifying to Los Angeles people and indeed to the whole community," he said, "because increased shipping means increased wealth for all."

Rear-Admiral Weller asserted he is in sympathy with the declaration that if Los Angeles Harbor wishes to encourage further activity from the fleet, steps should be taken to provide greater protection for the vessels by increasing the length of the breakwater.

With the assistant commandant of the Eleventh Naval District, Capt. W. B. Brewster, Commander G. T. Ghent, aids for operations, and Capt. A. Brown, in command of the submarine base, Admiral Weller, with James Reed, assistant general manager of the Los Angeles Shipbuilding and Dry Dock Company, visited the plant of local company yesterday to inspect the dock docking, hull cleaning and painting, being done there for destroyers and submarines of the Pacific Fleet. The submarines R-16 and the destroyer Marcus were on the big floating dry dock when the admiral and his party arrived.

INVITE BRITISH SHIPS.

Although Los Angeles Harbor is not mentioned in the list of Pacific Coast ports to be visited by the British West Indian cruiser squadron during December, representations will be made by business and shipping men of the harbor, together with officials of the Navy, to have the British navy visit Los Angeles harbor.

The cruiser Raleigh, Cambridge and Chatham, under command of Vice-Admiral William Christopher Falkland, are expected to leave San Diego the latter part of next month.

Each of the ships has a speed of twenty-eight knots and all are equipped with revolving gun turrets for the launching of anti-aircraft guns. The Raleigh, flagship of the squadron, is of the Elswick type of cruisers, with a length of 600 feet. Vice-Admiral Falkland commanded the third British cruiser squadron during the war.

Actual work on the construction of Los Angeles Harbor's new immigration station was begun yesterday, following the completion of the removal of submarine base buildings from the site at Twenty-second street. The station, when completed, will represent an investment by the city of \$25,000.

STANTON WEDS SOCIETY GIRL.

Marriage of G.O.P. Leader Brought to Light.

Bride is Daughter of East Whittier Grower.

Couple on Honeymoon Trip Through the East.

Philip A. Stanton, wealthy Southern California land owner and former Republican national committeeman, was quietly married to Miss Grace O'Sullivan, talented daughter of J. O'Sullivan, East Whittier walnut grower, several weeks ago, it was learned last night.

The wedding was something of a surprise to both the Stanton and O'Sullivan families, although it was expected by those who observed the course of the love match. Mr. and Mrs. Stanton are now touring the East on their honeymoon and may go abroad.

Mr. Stanton is president of the Bayland Land Company and the founder of Huntington Beach, Seal Beach and the city of Stanton in Orange county. He was a member of the California Legislature for eight years and later served as a national committeeman.

Miss O'Sullivan is popular in local society for her personal charm and ability as a musician. She was educated in Notre Dame convent. The bride and bridesmaid are members of old established Los Angeles families.

Mrs. C. B. Thompson, 430 West Thirty-fifth street, sister of Mr. Stanton, said last night that Miss O'Sullivan and her brother had been acquainted for seven years. The couple will make their home at Seal Beach on their return here.

The wedding occurred at the home of the bride's father, J. O'Sullivan, on the 22nd inst., according to two friends who were witnesses.

A dispatch from Washington last night stated that the secretary of the Interior, Mr. Clegg, had yesterday visited Chief Justice Taft, an old Republican friend.

Mr. Stanton expects to visit President Harding and Secretary Hoover today.

PUBLIC IS INVITED TO GREET DIAZ.

Reception Will be Held in Exposition Park Tomorrow Morning.

"Reach Exposition Park before 9 a.m. tomorrow," is the warning issued by the American Legion yesterday for those who wish to participate in the public reception for Gen. Diaz, Italian war hero.

Gen. Diaz will arrive at 8:30 a.m. on the Southern Pacific and be taken to Exposition Park via Fifth street to Broadway, to Seventh street to Figueroa street and south to the entrance of the park. The public is urged not to line the streets, but to assemble at the park where the reception is to be held.

Legionnaires in uniform are requested to assemble at the depot at 8:30 a.m. to greet the general. The reception committee and are assured of automobile transportation to the park.

"Early to bed tonight should be watch-word for all children and everybody who expects to join in this tribute to a great man," Leo D. Dase, commander of the Imperial legion, said last night. "We anticipate the attendance of many thousands of persons and we urge promptness."

Mayor Cresswell issued a proclamation yesterday evening, declaring that the people of Los Angeles tomorrow and urging the public to do its utmost "to give Gen. Diaz an enthusiastic reception and impress upon him the extent of our respect and admiration."

Two Angelenos Badly Hurt in Truck Smashup.

Wagnall and Joe Arlington of Los Angeles were both seriously injured yesterday when the truck in which they were riding overturned at the foot of Grapewine grade on State Highway.

The accident was caused by the collapse of the front axle of the machine while the truck was coming down the grade at a fast rate.

Mr. Wagnall, a driver for the Wilshire Auto Transfer Company of this city, was at the wheel. Last night he was lying unconscious at the Mercy Hospital in Bakersfield, suffering from concussion of the brain and deep cuts on the face.

Mr. Arlington sustained serious internal injuries, and was taken to the San Joaquin hospital where, after an examination, Dr. N. N. Brown of Bakersfield said it would be several days before an authoritative diagnosis could be made.

Mr. Wagnall will probably recover.

NAMES GIRL AND SEEKS LARGE SUM.

Wife of Film Man Wants Divorce and Thousand a Month Alimony.

A correspondent and \$2000 a month are the principal points of interest in a divorce suit filed yesterday by Helen Gracia Jaccard against Jacques Jaccard, scenario writer and present member of the San Francisco motion-picture colony.

The woman named in the case is Laura Anson, who, it is charged, is living with Mr. Jaccard in a San Francisco hotel.

Mr. Jaccard in her complaint states that the couple were married June 14, 1918, and separated on the 10th inst. She says Miss Anson came between the court here and that when Mr. Jaccard went north to the West Coast Film Company at San Mateo, Miss Anson went with him.

Mr. Jaccard asks for \$1000 a month alimony, stating that her husband is in possession of a year's contract at \$2000 a month.

The complaint further charges that while Mr. and Mrs. Jaccard were living at the Christie Hotel in Hollywood, the husband frequently beat her.

Mr. Jaccard is one of the pioneers in motion-picture writing, being of the old "sacral school," which constructed the thrillers of five years ago. He was considerable fame in constructing long plots which carried the players through varying adventures.

Mr. Jaccard is represented by Attorney Howard B. Henshey.

DELAYS CHOICE OF BURCH JURY.

State and Defense Forces in Battle of Wits.

All Challenges Likely to be Used by Attorneys.

Prisoner Bored by Monotony of Proceedings.

After three days of legal poker playing and matching wits in the selection of a jury, the prosecution and defense forces in the Arthur C. Burch murder trial left Judge Reese's court late yesterday with no indication that twelve men and women to pass judgment on the asserted slayer of J. Belmont-Kennedy will be chosen until every peremptory challenge has been exhausted and every legal trump card played.

Only fifteen of the thirty peremptory challenges allowed have thus far been used, leaving an equal number available when the trial is resumed Monday morning.

Only one man, George H. Baker, a retired banker living at 311 North Mariposa avenue, was in the jury box at the adjournment. He and the eleven women composing the temporary jury all have been passed for cause—that is, their answers disclosed nothing that would prevent them from being fair and impartial jurors. But when court convenes Monday, any of them may be removed without reason being stated, through the use of peremptory challenges.

BURCH IS BORED. The endless string of questions, repeated again and again, caused the prisoner to become monotonous. Burch, generally engaged in scrutinizing the faces of those who may be chosen to pass upon his fate, grew tired. He glanced at a newspaper on the counsel table. He yawned a moment, and then grasped it and began to read it. Presently, he laid it down, yawned a few times, looked at the clock and settled back in his chair. Listening again to the questions that have been propounded to each of the thirty-six men and women examined for jury service.

Of the twelve who were in the temporary jury at adjournment, only two are of the original twelve drawn by Clerk Ruggie Ross when the trial started last Tuesday. They were Mr. Baker and Mrs. W. O. Bailey, 2322 Idaho street, the first person called.

The other ten are: Mrs. F. C. Perew, 815 South Parkview avenue; Miss Marie McMillen, 1229 Gramercy place; Mrs. Jane F. Carnes, 1221 Dewey avenue; Miss Caroline M. Seymour, 746 West Adams street; Mrs. Barbara Levy, 1700 New England avenue; Mrs. Carrie S. Lott, 401 1/2 West Fourth street; Mrs. Nellie D. Graham, 1700 East Main street, Alhambra; Mrs. Everett R. Perry, 720 South Kingsley drive; Mrs. W. W. Swetland, 2617 Elleville place; and Mrs. W. R. Bird, 716 South Union avenue.

Paul W. Schenck, Richard K. Trellis and John J. Sullivan, defense counsel, have used up nine of their twenty peremptory challenges. District Attorney Woodbine and his deputies Keyes and Fricks, have used

BOND FIRM LOSES ITS LICENSE.

State Authority Revokes Company's Permit After Several Days' Inquiry.

The Corporation Commission, it was learned yesterday, has revoked the license of the Standard Securities Company, a stock and bond firm, as the result of an inquiry in progress several days.

At the company's office in the Hibernian Building, employees said the members of the firm, F. W. Barrett, owner, W. W. Barrett, attorney manager, and their father, John W. Barrett, had not been at their desks for a week and their whereabouts was not known.

The company specialized in selling stocks and bonds on the installment plan. It is said the company had about 150 clients, whose investments would total considerably less than \$100,000.

The firm was established less than a year ago.

Trapped Inside Elevator, Man Has Long Drop.

Trapped in an elevator lodged between the first and second floors of a building at Third street and Broadway, Andrew Ellinger, 31 years of age, a janitor, living at 4623 East Third street, created a small panic yesterday morning when he pounded on the doors of the cage and shouted that he was dying.

A squad of police officers, firemen armed with axes and a police ambulance were rushed to the building and the doors of the elevator chopped down. Mr. Ellinger was discovered on the floor of the elevator. He was taken to the Receiving Hospital and was there pronounced unhurt.

According to others in the building, Mr. Ellinger fell with the elevator from near the top of the building to a little below the second floor, where safety devices stopped the elevator.

AUTOIST ARRESTED FOLLOWING ACCIDENT.

Charged with having failed to stop and give aid when his automobile struck and injured George Keiler at Third and Spring streets on the 18th inst., F. L. Kint, a broker, was arrested yesterday by Police Detectives Williams, Stevens and Adams. He declared he was not guilty, but refused to make a statement.

TWO ARE BANKRUPT.

Harry F. Hoon, an electrician, filed a petition in bankruptcy in the United States District Court yesterday. His debts, all unsecured, amount to \$17,522.91, and his assets to \$2524.44. W. H. Moore, a teamster of Burbank, acknowledged his inability to pay his debts, in a petition filed in the same court yesterday. His liabilities amount to \$1314.45, and he has a truck worth \$250 to pay the same.

GIRL WINS OWN CASE IN COURT.

Accused of Theft, She Acts as Attorney and is Victor.

Has All Except One Witness Excluded from Room.

Begins With No Lawyer and Finishes With Two.

Miss Gertrude Dickson, age 19 years, was her own attorney and won her case yesterday in Justice Hinshaw's court.

When her case was called, the court asked her if she had an attorney.

"No, I have not," she replied. "I'll try to handle the case myself."

The young woman was accused of stealing a purse from Miss Adelaide Hardin, head of a department in a local department store on last December 10. She asked that all witnesses be excluded from the courtroom, except the one testifying. Then, with the aid of the court and Dep. Dist. Atty. Castello, she adduced testimony indicating that she had made a complaint against Sam Schatzberg, clerk in a Spring-street store, accusing him of an offense against her.

She showed that the complaint charging her with grand larceny was issued on the day that Schatzberg came to trial the second time. Both juries in this latter case disagreed and the case was taken of the calendar.

"This doesn't seem right," said the court. The complaint was filed on that date and on information given to a third person by Schatzberg and carried to the complaining witness, for whom the defendant worked one week. It seems to me this girl is more sinned against than sinning. When this case started she had no lawyer, but before she gets through, she has two, the court and the Deputy District Attorney. The case is dismissed.

No evidence was introduced indicating that the defendant had ever had in her possession two rings, a purse and \$34.50 in cash she was accused of stealing from the complaining witness.

Miss Dickson left the courtroom for her home in Watts.

EXPECT RICKENBACKER AT AERO CLUB'S BALL.

AVIATOR TO ESSAY FLIGHT FROM DETROIT TO ATTEND EVENT HERE.

Capt. Eddie Rickenbacker, World War hero and cross-country tourist, will attend the ball to be given by the Aero Club of Southern California at the Ambassador on December 6, if he has good luck. For the captain will attempt the longest flight on record wherein a plane is flown from Los Angeles to Detroit in order both to attend the ball and to act as escort thereto to the fair maiden who may become Mrs. Rickenbacker in the near future.

Secretary H. K. Shellaby last night received a telegram in reply to his wire inviting "Rick" to the Aero Club ball, at which a Southern California air queen will be crowned. In it the war hero declared he will leave Detroit before daylight, December 6, with the intention of arriving in Salt Lake City for the first day's air cruise. The following dawn, providing the trip has up to then been successful, will find "Rick" again in the sky, intent on reaching Los Angeles the same afternoon.

Announcement that Capt. Rickenbacker will attend the inaugural ceremonies for Los Angeles' first air queen served to stimulate interest in the balloting for the honor, now being recorded at the Aero Club. Last night when the votes were checked Miss Mae Wild was still at the head of the long list of society belles striving for the honors, but she was closely pressed by several popular candidates.

WATCHMAN ON ALERT.

Youths He Arrested Said to Have Plotted Hold-up.

"An ounce of prevention is worth a pound of cure," said Private Watchman A. L. Nelson last night as he arrested three young men, Joe Fabula, 25 years of age; Bob Gassaway, 20, and Emmet Luck, 20, at Ninth street and Vermont avenue, on suspicion of robbery. Mr. Nelson hadn't seen the youths robbing anyone of their cash, but said he didn't like their appearance. So he called Private man Ryan and the officer aided him in bringing the youths to Central Police Station.

That Mr. Nelson was justified in his suspicions was indicated when the youths confessed to Detective Sergeant Smith and Hamilton, according to the detective, that they met in a room at First and San Pedro streets early last night and plotted to "stick somebody up for a piece of change." Fabula said he is a bus boy out of work. Gassaway said he is a soda fountain worker out of work. Luck said he is a porter out of work.

The detective found a .32-caliber revolver in one of Fabula's pockets. The youths were placed in the City Jail.

Imperial Potentate Making Reductions to be Presented
Annual Pilgrimage. Before Council.

Al Malakiah Nobles Prepare Business Committee Agrees
to Welcome Guest. With Councilmen.

Ceremonials and Banquets City's Revenue is Heavily
Monday, Planned. Cut Under Plan.

The long series of conferences between members of a committee of the Chamber of Commerce, headed by Shannon Crandall, and members of the City Council's Finance Committee relative to further proposed reductions in the occupational or business license tax ended yesterday after changes in the ordinance had been agreed upon which President Crandall of the Council and Councilman Malard, members of the committee, estimated will reduce the city's income from this source during the calendar year beginning next January at least \$100,000, and probably as much as \$200,000. Those who were advocating the change stated that this figure of \$200,000 or \$100,000 will probably be a great deal reduced, due to the increased number of businesses which are constantly being established here. While the Finance Committee's estimate for the present year is \$1,150,000, under the changes agreed upon yesterday it was variously estimated that it will bring in, on the present rate of collections, between \$850,000 and \$1,000,000.

JULY REDUCTION.
When the occupational tax was reduced on July 1, last, 63 2-3 per cent, a number of businesses of the city were not included in the reduction, and the Chamber of Commerce conducted an investigation and then recommended reductions for a number of these establishments. The revised ordinance will be presented to the City Council next Monday morning, and the reductions agreed upon from the tax now paid by these businesses are as follows: Theaters, restaurants, candy stores, drugists, paint manufacturers, soft drink establishments and hotels and apartments, 25 per cent; billboards, 15 per cent; junk collectors, 15 per cent; hardware and wall paper dealers, 63 2-3 per cent; barbers, 33 1-3 per cent.

EFFECTIVE JANUARY 1.
The revisions will take effect January 1. Chairman Crandall of the Chamber of Commerce committee said there were hundreds of businesses throughout the city which were not paying the tax, and the committee agreed to take all the power conferred upon it and in accordance with the Legislative will, adding:

"Manifestly, if there is to be any change of fundamental State policy toward automobile transportation companies such change must come through legislative action. Ultimately the decision rests with the electors, expressing their will through their legislative representatives or directly by means of the initiative.

The commission asserts that regulation of motor competition by motor transportation companies such change must come by legislative action or through the initiative, the State Railroad Commission declared yesterday in a letter discussing its relation to the subject.

The letter was written to R. B. Swayne of San Francisco in response to a suggestion by him that motor carriers should not be permitted to operate on the highways. Swayne contended that this form of competition is unfair by reason of the fact that the motor companies make use of the highways built at public expense and that they do not pay taxes in the same proportion as the railroads.

AUTOS NOT AFFECTED.
When the jurisdiction of the commission was increased in 1919 a similar exception was made as to existing operators. "At the time these laws were passed," says the commission, "automobile transportation companies were operating on the highways and were paralleling railroad lines and the confirmation of their operative rights indicates that the Legislature did not have in mind restrictions such as you suggest."

The commission further points out that it is acting within the limits of the power conferred upon it and in accordance with the Legislative will, adding:

terminal or over a regular route. It is to be observed that on both occasions on which the Legislature considered the subject of automobile transportation it expressly recognized and confirmed the operative rights of those who were operating in good faith as of the date of the regulatory enactment. At the times these laws were passed automobile transportation companies were operating on the highways, and were paralleling railroad lines and the confirmation of these operative rights indicates that the Legislature did not have in mind restrictions such as you suggest.

COMMISSION POLICY.
"In transportation matters the policy of the commission is not different from its policy relating to other forms of public utility service. It protects existing utilities that are adequately serving the territory and are prepared to meet demands as they arise. You will note that from an examination of the decisions of the commission many applications to enter the automobile field are denied because existing steam or electric facilities or both are adequate.

"In any discussion of the transportation problem the effect of the privately owned automobile upon established systems cannot be disregarded. At the present time there is in the State of California one privately owned car for every seven persons, and this means that the entire population of the State could be moved at one time by these cars alone. The same condition largely obtains in regard to automobile trucks, as nearly every farmer owns some kind of auto truck ranging from one-half to five tons in rated carrying capacity.

"In view of the foregoing, the commission feels that its duty is clear, to carry out the express legislative will, guided by sound principles of regulation.

BIBLE TO BRING PEACE.

Influence of Holy Writ Is Felt at Nations' Conferences, Is Opinion of Local Ministers.

Universal peace, for centuries but a dream in the hearts of the devout, will one day become an established fact, according to many leaders in the Christian world who declare that, although the coming of God's kingdom to earth may be delayed, it cannot be prevented by all the councils of war which the powers of darkness may organize. However, whether the millennium shall come about through conferences of great national leaders or by the simple preaching of the words of truth, the clergy is practically a unit in the opinion that the redemption of nations, as well as of individuals, will be accomplished through the influence of the Holy Bible upon the minds and hearts of men. Special stress will be laid upon this point today by many Los Angeles ministers who will join their congregations in the observance of Universal Bible Sunday. An estimate of importance to the churches and to Christian workers in general, in Los Angeles, is the campaign for an increase in membership to be started next Monday by the Young Women's Christian Association.

This is the opinion expressed yesterday by Dr. G. A. Bruegel, who will preach at the Westlake Presbyterian Church tomorrow evening on "The Drama of the Face." At the morning hour Dr. Bruegel will preach "Christ in You, the Hope of Glory."

"SHOULD AMERICA DISARM?"
BROUGHTER, TEMPLE BAPTIST.
Three subjects of vast importance to the nation will be discussed by Rev. Whitcomb Broughter at Temple Baptist Church tomorrow evening in the course of a sermon on "Dead Bricks and Living Walls." The questions which Dr. Broughter will seek to answer are: "Ought America to disarm if other nations do not? Ought we to have a disarmament conference? Who are to blame for children going wrong—parents, teachers or companions?" The topic for the morning discourse will be "How People Get Up a Miff Tree and How They Get Down." Baptismal services will be held at the morning worship and a musical program will be rendered by Rev. Ray Hastings, Constantine Balfour, Emory Foster and the Temple Quartet. In the evening a moving picture called "Columbus, Gem of the Highway," will be shown.

"IS THE CHURCH IMMORAL?"
FIRST PRESBYTERIAN.
Answering Frank Crane's article concerning "The Four Immoralities of the Church," Dr. Hugh K. Walker will preach at the First Presbyterian Church tomorrow on "The Return to Normalcy in the Realm of Religion." At the evening service Dr. Walker will speak on "India, Pleasure Ground and Problem," and the address will be illustrated with colored slides of India. A special musical program has been arranged by Sibley G. Pease.

"FLORENCE NIGHTINGALE"
WILSHIRE METHODIST.
In his sermon tomorrow morning at the Wilshire Methodist Church, Dr. Benjamin Hayward will emphasize the Red Cross annual anniversary, giving special recognition to Florence Nightingale and her tireless attention to the sick and stricken world. In the evening Dr. Hayward will continue his series of sermons on "Life in Life," the topic for tomorrow being "The Gift of Buried Treasures."

"DOES THE SOUL SLEEP?"
IMMANUEL PRESBYTERIAN.
"It is not the usual thing for an orthodox minister to defend spiritualism, but I intend to do so, from one point, at least, in my sermon next Sunday evening at Immanuel Presbyterian Church," said Dr. Herbert Booth Smith, yesterday. The point referred to is the question of consciousness of the departed spirit, and Dr. Smith will maintain the position that the so-called dead are conscious, in opposition to those who hold that the soul, like the body, sleeps until resurrection. Dr. Smith will also discuss the subject of "animal souls" and the immortality of the human soul. At the morning hour Dr. Smith will preach on the subject, "Can Materialism Expel God?"

"LIFE'S SUNNY SIDE"
WESTLAKE METHODIST.
In a sermon on "The Law of Spiritual Vision," at the Westlake Presbyterian Church tomorrow morning, Rev. T. O. Greaves will discuss the following questions: "Is there need in these days for a slight other than physical or perceptive? What was the gist of Salford's argument for the equilibrium of Europe? Does Balson, the economist, agree with Jesus on the subject of 'Selling Things'?" In the evening Mr. Greaves will preach on "Living on the Sunny Side of the Street." In connection with the sermon a special musical program will be rendered and colored slides of Yellowstone Park will be shown. The first meeting of the newly organized Westlake Men's Club will be held at the church next Thursday evening, starting at 8:30 o'clock.

"DRAMA OF THE FACE"
WESTLAKE PRESBYTERIAN.
"No amount of beautifying by cosmetics or mechanical agencies can eliminate the mirror which the face as this tale bearer of the soul. In his masterful story of Jekyll and Hyde, Stevenson has clearly set forth the truth that folks are known by the faces they wear."

"THE GREAT INVITATION"
FIRST CONGREGATIONAL.
Dr. Carl S. Patton will preach at the First Congregational Church tomorrow morning on the subject, "The Great Invitation." In the evening, the subject will be "Every Man Gets His Due," and the discourse will be illustrated by the moving picture "The Dwelling Place of Light." Special musical numbers will feature the evening service, with selections by the Apollo Quartet, composed of Samuel Dickinson, Lewis Yachiel Harrison, O. Joseph and Cliff Bates.

"THE DWELLING PLACE OF LIGHT"
CENTRAL BAPTIST CHURCH.
Is the Bible obsolete? Does that great literary work fit in with the present age? Is the wisdom of the scriptures applicable to all ages and all peoples? These and similar questions will be discussed in a sermon by Dr. C. F. Winbiger tomorrow morning at the Central Baptist Church. In the evening Dr. Winbiger will discuss the Disarmament Conference, giving his opinion as to its success.

"HIEIN KELLER'S VISIT"
TWINITY AUDITORIUM.
An imaginative trip 3000 miles up the Nile will be enjoyed by members of the First Methodist Church in Trinity Auditorium tomorrow evening when Dr. E. E. Helms will preach the third of a series of sermons on "Egypt, the Most Fascinating Land in the World." In the morning Dr. Helms will preach on "Ears to Hear," suggested by Helen Keller's visit to Los Angeles. Special music will be rendered by the quartet and chorus choir and by Gail Mills Dimmitt, soloist.

"IS THE BIBLE INERRANT?"
CHURCH OF OPEN DOOR.
Was the Christian Bible inspired by the Deity? Is the Book of Books perfect? Who were the authors of this thundering masterpiece of literature? These and similar questions will be discussed in a sermon at the Church of the Open Door tomorrow morning. Dr. R. A. Torrey, who holds that the scriptures are of paramount importance to the church and the nation. In the evening, Dr. Ralph Atkinson, assistant dean of the

TOILER MENTOR IS OPTIMISTIC.
Refuses to Believe That San Diego Will Win Today.
Thinks His Patched-up Team Has Lots of Class.

Wild Battle Expected in Prep Play-off.
BY CHARLES WEST.
Although the news that five of the Manual Arts pigskinners are ineligible for the fray with San Diego at Bovard Field this afternoon, has sent the Toiler mentor into the depths of despair, Coach S. Foster remains calm and serene. He admits that his team will miss the services of Bill Blewett, but insists that the Purple and Grey machine has been repaired to such an extent that it has an even chance of winning today's doings.

SHOOTING TOURNEY AT VERNON CLUB.
About every shotgun follower in the county who isn't out duck hunting will turn toward the Vernon Gun Club tomorrow morning when the E. L. Fox class A and B trophies are contested for, along with the first of five registered club shoots.

California's Casaba Squad Plays Pomona.
The University of California basketball squad, numbering eighteen men, will arrive in Los Angeles December 21 for their annual vacation tour through the Southland.

CORNELL A SCORING MACHINE.
NEW YORK, Nov. 25.—Thanksgiving Day football clashes left four of the major college teams of the East undefeated this season—Lafayette, Cornell, Pennsylvania State and Washington and Jefferson.

AUTO THIEVES GET THIRTEEN.
The following autos were stolen from the streets of Los Angeles yesterday: Mercer 1917 touring, black, 123-349; Chevrolet 1920 touring, black, 423-129, Cadillac 1918 touring, dark blue, 213-087; Buick 1921 touring, black, 871-071; Essex 1921 touring, dark blue, 423-349; Packard 1918 touring, dark blue, 41-753; Ford 1918 touring, black, 499-283; Ford 1917 touring, black, 348-378; Studebaker 1916 roadster, maroon, 87-871; Ford 1917 touring, black, 484-131; Kiael 1918 touring, dark blue, 528-276; Ford 1921 touring, black, 474-435; Nash 1919 touring, dark blue, 469-217.

TJUANA RESULTS.
SAN DIEGO, Nov. 25.—Jockey Parks rode Karamata to her second victory in as many days when he guided the bay mare under the wire first in the fifth race today, a six-furlong event. She was two lengths in front of Evelyn Harrison, with the favorite, Pierrot, running third.

Espee Eleven Clashes With Santa Fe Men.
Mater Park will be the battleground on which the Southern Pacific-Santa Fe gridders feud will be renewed when the eleven of rival railroads collide tomorrow for the second time this season. Last month the Espees and Santa Fe staged a little tussle up at San Bernardino, but as the resulting 6-to-9 tie was entirely unsatisfactory to both, they decided to settle the matter once and for all in a second game.

Weismann to Coach Pomona Casaba Team.
C. S. Weismann, football and basketball coach at the Venice Union High School, has been engaged to coach the Pomona College basketball squad for the present season and will take his duties at the Claremont institution of learning Monday evening.

MURPHY TEAM TO MEET GARDENAS.
The Gene Murphy ball club will play its second game in the Manzanita Association division A tomorrow, when they battle the Gardenas club at Gardena. In meeting Gardena, the Murphy's will be up against a club jammed to the brim with heavy hitters.

LAUD WESTERN RACKETERS.
California Tennis Stars Highly Regarded in the East for Their Phenomenal Ability.
BY CHARLES ROSENBLATT.
This is truly the land of surprises. Your native son may look upon your climate, mountains, beaches and such as matters of course, but to the frozen easterner this is a veritable garden spot whose charm is surprising, to say the least.

NOTRE DAME WILL NOT PLAY FLEET.
SAN FRANCISCO, Nov. 25.—Notre Dame today sent a telegram declining to play a football game here Nov. 28. The school's schedule is full under the auspices of the Notre Dame of the Golden West. The message said Notre Dame would not play on the Pacific Coast this year.

CAUCHEY ANNEXES TEN-MILE HONORS.
JEANETTE (Pa.) Nov. 25.—Grover C. Caughey of the Pittsburgh Athletic Association, won the ten-mile track championship of the Allegheny Mountain Association of the A.A.U. here today. He covered the distance in 1h. 2m. 28s.

CHARLSTON JOINS L. A. WHITE SOX.
With the signing of Charlton, home-run swatter, the L. A. White Sox club is now complete. Charlton, who played for the St. Louis Browns and is said to have established a record last summer for home runs in the Negro National League, joined the club last week.

HOMES ET CHEVAUX TO BE
HOSTS TO TWENTY-FIVE
OF THEIR LEADERS.

Twenty-five national and department heads of the Societe de 40 Hommes et 3 Chevaux are due to arrive at the Southern Pacific depot at 7:40 a.m. today, on tour from the national convention held recently in Kansas City.

from the Legislature to the Shrine of the Masons or the Uplifters of the Los Angeles Athletic Club. One vote of the society is allowed in each county, where the American Legion is established.

The visitors will be accompanied by John R. Quinn, State department commander of the American Legion, and Dr. R. N. Johnson, Grand Chief de Gare of the department. John J. Eivars, National Chief de Gare, heads the group of national visitors.

Today will be play-day for Legionnaires, including a sight-seeing trip during the day and a banquet at the United League Club at 6 p. m., followed by an initiation of forty members of the society at 8 o'clock.

MAYBE BOTH LEFT.

Anyway, Each Accuses the Other of Having Taken Departure.

Mrs. Evalena Churchill told Judge Sumnersfield yesterday that her husband, James A. Churchill, was jealous of every man who looked at her, and subsequently left her.

Mr. Churchtown decided it was the other way about, and that his wife had left him. It seems that for some time past Mr. Churchtown has played detective. He said he had seen the handwriting on the wall indicating that the matrimonial ship was going on the rocks. Consequently, Churchtown granted a divorce on the ground of desertion.

DISMISSAL ASKED.

Suit Against Circus Man Believed Settled.

Indicating that a settlement has been made out of court, notice of dismissal of the suit of A. L. Sands against A. G. Barnes Stonehouse, in which an accounting is asked, was filed in the County Clerk's office yesterday. Among other things Mr. Barnes, circus proprietor, was charged with controlling the board of directors and buying bonds with the money of the A. G. Barnes Amusement Company.
